
FOR GROUP LEADERS ASCENSION PROTOCOLS

BY NANCY COEN

open in prayer

So as we prepare to enter into Ascension, we invoke the blood of Yeshua because it's through His blood that we do have access to the open door.

John 14:3 TPT ***And when everything is ready, I will come back and take you to myself so that you will be where I am.***

When we open up the door we follow HIM through the door.

It's important that you realize each group has **its own blueprint.**

Yahweh has a plan specifically for your group, and there will be many times when all of the groups will come together in a unity of spirit and singleness of mind to accomplish one huge purpose.

But as you ascend into the heavens, the things that you're going to see there are going to be totally in keeping with Yahweh's plan for your individual group.

decrees and declarations

The Lord is allowing us to enter into an agreement with Him for the things that He's wanting to accomplish in the Earth and our voice carries a great measure of authority. We bring what we see in the heavens down to earth.

Ephesians 3:12 TPT ***We have boldness through him, and free access as kings before the Father because of our complete confidence in Yeshua's faithfulness.***

Creating your declarations:

- The decrees and declarations should be concise. Only one or two sentences.
- I would recommend 4 to 6 declarations per corporate ascension.
- Only follow the things that you see in the heavens. What the Father is doing or what you saw while you were in the heavenly realms

Is it essential for you to have **communion** with your group every time?

Follow the Lord's individual plan for your group.

1 Corinthians 10:16 (TLV) *The cup of blessing that we bless—isn't it a sharing of Messiah's blood? The bread which we break—isn't it a sharing of Messiah's body? Since there is one bread, we who are many are one body—for we all partake of the one bread.*

Seeing in the Spirit

Different people see in different ways.

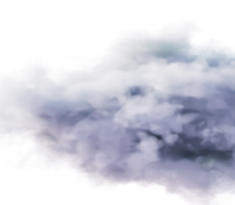

- Some people see in radical technical or movie type scenes.
- Other people see by sensing. They just sense and they know things are happening
- Some people actually see by hearing. They may hear sounds, they may hear wind, they may hear chimes, they may hear a babbling brook or moving river or water or thunder or lightning.

inviting the heavenly beings

We want them to come and fellowship with us.

The more they get invited, the more likely they are to make themselves known.

They will be working together with you to lead you into higher levels of revelation.

The difference between personal & corporate ascension

One of the purposes behind Ascension is to bring us into one spirit, one mind, and one body.

Your spirit stays one with the whole group so that you're all seeing the same thing.

As a leader: Your purpose is to draw them back with the group into what the Lord has decreed and declared for the group for that particular time.

Hebrews 8:2 TPT *He serves in the holy sanctuary in the true heavenly tabernacle set up by Yahweh, and not by men.*

How do we interpret the things that we see in our ascension?

find it in the Word of Yahweh.

Don't look for interpretations during the ascension, follow as the Lord leads. Afterwards, listen to Him and look what the word says on the things you saw.
